					Over-screened	
Clear	Light Gray	Dark Gray	Bronze		Trimmed Screen <small>Nominal Upcharge</small>	

Disclaimers:

For all windows and doors, manufacturing tolerances are +/- 1/8". It is recommended that when ordering your windows "exact size", that you factor in a 1/4" down size (width and height) from your opening. It is recommended that doors are ordered by rough opening only.

All units will have a spreader bar installed. For units under 30" it's optional and must be noted on the order if they are not wanted. All door windows will not have spreader bars. Additional spreader bar(s) can be added to windows by noting accordingly. Inswing Doors are highly recommended to use a threshold. French Door kits come with astragal bar and note operating door location (OSL). Note if any windows and doors will be mullioned vertically and allow 2" for mull when calculating sizes - if unsure see PC Architectural Pack.

TYPE OF MEASUREMENT

DLO (1/4") deduction from ordered size

Exact (actual frame size) not including 7/8" fin

Tip to Tip would be Exact Frame Size not including fin with no deductions.

TW - Twin Unit TR - Trip Unit (Additional charge for Mullion strips)

4 Track Vertical Windows					Lip Frame Rectangle Windows			Lip Frame Trapezoid Windows		
#	QTY	TW/TR	Width	Height	#	QTY	Width X Height	#	QTY	Measurements (A,B,C)
